Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: VV7-MBMF3507G-L  
Applicant: Ericsson AB

Dear Sir/Madam:

Ericsson AB is submitting an application for Class II Permissive Change to our Mini-PCIe wireless WAN card, model F3507-G (FCC ID: VV7-MBMF3507G-L).

This product was previously certified by the Commission on August 5, 2008 under the Portable category regarding FCC CFR 47 Section 2.1093 with the same host PC devices specified in this application.

There is no hardware or electrical modification made to the applying modular transmitter itself, and the BIOS locking control remains the same.

The change filed under this application is adding a co-located WLAN & WiMAX combo modular transmitter as detailed in the associated "RF Exposure Info" exhibit.

We hereby certify that no party to this application is subject to a denial of benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C.853(a).

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

Bernie Fuller  
Senior Certification Engineer, MBM, Ericsson AB
