**Overall Assessment Letter for Ericsson Mobile Broadband Module F3607gw
FCC id: VV7-MBMF3607GW1**

I have reviewed this application for a Single Modular Approval and find it compliant.

This is an application for a modular transmitter which supports 850/900/1800/1900/2100 MHz GSM/GPRS/EDGE/WCDMA/HSDPA/HSUPA.

As a result of the assessment review an updated tune-up exhibit was provided to correct the FCC ID, and test reports were updated to include the appropriate FCC rule references, test equipment information and additional information related to test modes.

I underwent the FCC RF exposure training with the FCC in October 2008.

Yours sincerely
